

METALLURGY WORKSHOPS 2018

With the primary objective of informing and stimulating innovation by SMEs in the Sheffield City Region, the following 2-day workshops will be delivered in 2018.

All workshops will be delivered in the AMRC Training Centre.

16 & 17 January	Heat Treatment Metallurgy
13 & 14 February	Steel Metallurgy
13 & 14 March	Testing & Quality Control
10 & 11 April	Metals Processing & Manufacturing Technologies
15 & 16 May	Non-Ferrous Metals & Corrosion Protection
19 & 20 June	Failure Investigation & Analysis
17 & 18 July	Heat Treatment Metallurgy
4 & 5 September	Steel Metallurgy

Participation is free of charge to qualifying SMEs in the Sheffield City Region.
