

Join the Authority in Aerospace Machining Lunch and Learn Event

23rd May 2018
(9:00 - 14:00)

Meet and See:

- AMRC's Aerospace Industry Master Speakers
- Live Cutting Tool Demonstrations on Aerospace Materials
- KYOCERA SGS Latest Patented Manufacturing Technologies
- CG-Tech, VERICUT Force module
- GEO Kingsbury latest developments

Register online at www.kyocera-sgstool.eu/events/amrc-aerospace-lunch-learn-event/

Event's Agenda:

- Reception: 08:30 – 09:00
- AMRC's Presentations: 09:00 – 10:30
 - Dr. Jamie McGourlay: Technology Partnership Manager at Rolls-Royce
Large Civil Gas Turbines: Future Products and Technologies
 - Mr. Stuart Dawson: Chief Technology Officer at the AMRC
Technology Trends & drivers: the electrification of transport & its implications for industry
- Live Cutting Tool Demonstrations on Aerospace Materials using High Efficiency Machining Strategies: 10:45 – 12:00 pm
- Lunch: 12:00 – 12:30
- KYOCERA SGS Presentation: 12:30 – 13:00
- CG-Tech Presentation: 13:00 – 13:30
- GEO Kingsbury Presentation: 13:30 – 14:00
- Closure 14:00
