

Latest developments in gear machining

1st Oct 2019 / 9.30am – 1pm at the AMRC Knowledge Transfer Centre, including lunch

The gear manufacturing industry is changing as innovations such as new processes, machine tools, cutting tools and software are introduced.

New technologies can dramatically reduce time and cost of manufacture by using multi-functional machine tools and novel processes.

Join us on 1st October 2019 at the AMRC to hear from a range of businesses in the gear manufacturing industry.

We'll be joined by speakers from Expleo Group, Rolls-Royce, Reliance Precision, Dontyne Systems and the AMRC GEAR team.
